

Did you know?

There are now **TWO *Student Growth Academies*** to choose from:

AA 4114 *(beginning 1/2025)*

Using Student Growth Data from Diverse Populations in Teacher Performance.

For retraining in the area of student growth.

The one-day course focuses on understanding implicit bias, differentiating for equity, and coaching more deeply when evaluating student growth for special education, English learners, and early childhood students.

AA 3000 *(Current Academy)*

Using Student Growth Data in Professional Evaluations.

For retraining in the area of student growth.

This one-day academy focuses on the use of assessments and measurement models in determining student growth attributable to individual educators.

*Individuals who need to complete retraining to evaluate teachers

*Upon successful completion, the individual will have satisfied the requirement for retraining in student growth. This AA must be paired with one of the AAs focused on professional practice for the population you evaluate to fulfill the entire retraining requirements.

Ask how to bring one of these AAs to your district.

Visit www.roe24.org for a listing of AAs
